

MRS. COL. GRESHAM Was Given Up BY THE DOCTORS. Pe-ru-na Saved Her Life.

[It was catarrh of the lungs so common in the winter months.]

MRS. COL. E. J. GRESHAM

MISS JENNIE DRISCOLL

Miss Jennie Driscoll, 870 Putnam Ave., Brooklyn, N. Y., writes: "If people knew how efficient Peruna was in the cure of catarrh, they would not hesitate to try it. I have all the faith in the world in it as it cured me, and I have never known of a case when the person was not cured in a short time."—Jennie Driscoll.

Mrs. Col. E. J. Gresham, Treasurer Daughters of the Confederacy and President Herndon Village Improvement Society, writes the following letter from Herndon, Fairfax Co., Va.: HERNDON, VA.

The Peruna Medicine Co., Columbus, Ohio:

Gentlemen—"I cannot speak too highly of the value of Peruna. I believe that I owe my life to its wonderful merits. I suffered with catarrh of the head and lungs in its worst form, until the doctors fairly gave me up, and I despaired of ever getting well again."

"I noticed your advertisement and the splendid testimonials given by the people who had been cured by Peruna, and determined to try a bottle. I felt but little better, but used a second and third bottle and kept on improving slowly."

"It took six bottles to cure me, but they were worth a King's ransom to me. I talk Peruna to all my friends and am a true believer in its worth."—Mrs. Col. E. J. Gresham.

A PLAIN TALK

On a Plain Subject in Plain Language.

The coming winter will cause at least one-half of the women to have catarrh, colds, coughs, pneumonia or consumption. Thousands of women will lose their lives and tens of thousands will acquire some chronic ailment from which they will never recover.

Unless you take the necessary precautions, the chances are that you (who read this) will be one of

the unfortunate ones. Little or no risk need be run if Peruna is kept in the house and at the first appearance of any symptom of catarrh taken as directed on the bottle.

Peruna is a safeguard, a preventive, a specific, is a cure for all cases of catarrh, acute and chronic, coughs, colds, consumption, etc.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

A PERVERTED XMAS PRESENT.

Business Instinct Highly Developed in Little Freddie.

It was Christmas Eve. Freddie was on his way home from the Sunday school, where he had been a regular attendant for several weeks. His annual conversion had been rewarded in a substantial way, for he had not only feasted upon the good things of this world, but he bore under his arm a beautiful blue and gold book that showed him how to get to the other world. He was well pleased, for ever and anon he would look at the book and fairly gloat over it. As he passed the house of an old maid, whose life he had often made miserable, the old lady noticed how he regarded his Sunday school present and rejoiced exceedingly.

"I always said he wasn't a bad boy at heart," she remarked to herself. "Oh, if his father and mother could only see him this blessed moment as he thinks of the home above and resolves to live just as the little boys and girls in the book."

But listen. Freddie is also remarking to himself.

"This is a pretty good book, by gee! It must have stood the Sunday school people in about a dollar. Your nibs is in great luck. I must hurry around to the second-hand book store before it closes up. I ought to be able to trade a book like this for half a dozen dime novels at least."

The Demon of the Pit.

A din of voices shouting hoarse. A whirl of outstretched arms; A little truth, a mass of lies, A score of false alarms And standing in the midst of it We see the Demon of the Pit!

A hundred faces, white and strained, Are peering to behold The man whose name throughout the land Is hailed the leader bold; And standing in the midst of it We spy the Demon of the Pit.

Another cent! Another cent! A maddening, fearful way— The King of yesterday goes down, Another rules to-day. But monarch over all of it We hail the Demon of the Pit.

A crash of wasted, blighted hopes, A pistol shot—a scream! Another life is yielded up To join the awful stream; And grinning in the midst of it We see the Demon of the Pit.

Pat's Lesson in Golf.

Pat had been helping the greens keeper construct several tees at the new golf links, and during the noon hour had been given a few lessons in driving. A day or two later he was telling his friend Casey about it.

"Faith, Casey," he said, "this game, they call golf, do be a funny game. Yez have a little white ball an' a long stick wid a knob on the ind av it, an' yez put the white ball on a little hape av sand. Thin the game is to haul aff an' knock the ball so far yez kin niver find it agin."

"An' did yez hit the ball whin yez tried?" asked Casey.

"Did Oi?" said Pat. "That's the funny thing about golf, Shure, the first time Oi hit it, Oi niver touched it!"

Sympathy Misplaced.

Edward L. Adams, representing the United States as consul general at Stockholm, Sweden, was for several years editor of the Rochester Democrat and Chronicle. While occupying that position he wrote an obituary notice of a neighbor's child, whose trousers had caught fire during a Fourth of July celebration, burning the little fellow so badly that he died in consequence. Mr. Adams ended his article with the statement that the sympathies of friends would go out to the bereaved parents. His shock the next day may possibly be imagined when the types made him say that "the sympathies of a large circle of friends will go out to the burned pants."—New York Times.

The Fond Parent's Pride.

A reporter was endeavoring to find out the particulars of an accident that had befallen a boy, and was asking the questions necessary in such cases of the father of the injured boy.

"Did the little fellow stand the operation well?" asked the reporter.

"Like a major—came through it all right."

"Did he have to take anything?" continued the reporter.

"Not a god darn thing but chloroform," was the proud reply of the admiring parent.

Cure for Insomnia.

One of the best and simplest cures for insomnia is said to be the odor of raw onions. They should be crushed to a pulp in order to free all the juice. Smell this substance for ten minutes after retiring. It is said to quiet the most nervous person and relax the most overwrought nerves. It is hardly pleasant, but is said to be efficacious.

Took Eight Turkeys, Left \$200.

John Krider, a farmer near Lebanon, Pa., discovered that his flock of eight turkeys had been stolen one night last week. It is supposed the thief obtained the money while ransacking some residence in the neighborhood.—George-town (Ky.) News.

Christmas Box.

The familiar term Christmas box comes from the old-time custom of placing alms-boxes in the churches Christmas morning to receive donations from the congregation for the benefit of the poor. As the alms were not given out until the next day, Dec. 26 came to be known as "Boxing day."

Would Have Walked, Too.

They tell this story in the commissioner's office at Ellis Island:

Two Irish immigrants, just arrived, stood one morning on the government landing watching a dredger at work a few yards away. Presently a diver, full rigged, crawled painfully from the channel slime up a ladder to the deck of the dredge. One of the Irishmen, very much surprised, turned to his companion and said:

"Look at that mon! Look at him. Begorra, if I'd known the way over I'd walked, too."—New York Tribune.

He Found Fault.

"He criticised me for almost nothing!" moaned the wife.

The friends sought to comfort her, but she was not to be soothed. Between her sobs she told of how her husband had expressed very unfavorable opinions of her new ball gown.

"But you said he criticised you for almost nothing," argued the sympathizers.

"So he did." Here she gave way to a fresh outburst of sobs. "He said I was wearing it."—Judge.

Dr. Williamson Swears.

Yorktown, Ark., Jan. 18.—Last week a statement was published from Leonard Williamson, M. D., of this place, to the effect that Dodd's Kidney Pills are the best medicine for all Kidney Diseases and that he uses them with uniform success in his daily practice.

No one who knows Dr. Williamson will doubt for a moment the complete truth of his fearless declaration, but to completely clinch the matter in the minds of those who may not have the pleasure of a personal acquaintance with this celebrated physician, Dr. Williamson has appeared before Mr. H. E. Greene, J. P. for Montgomery county, and made a sworn statement.

In this sworn statement the doctor has cited a number of cases which have been completely cured by Dodd's Kidney Pills. Here is case No. 1:

"Henry Hall, Sr., age 43, an American, attacked with Malaria Haematuria, or Swamp Fever; temperature ranged from 101 to 105, highly coated tongue, constipated bowels, hemorrhage or passage of blood from Kidneys; used febrifuge and Dodd's Kidney Pills to relieve the inflammation and congested condition of Kidneys and to render the urine bland and non-irritating. Recovery complete after two months' treatment of the Pills."

Pain's Master

Every nook and corner of this and other countries has seen emblazoned the words

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it but just to acknowledge it, hoping that it may help some other woman suffering as I did."

"For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well."

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss ROSE NOEA HENNESSY, 410 S. Broadway, Lexington, Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked."

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found that I was completely cured of my trouble, and have been well and hearty ever since, and no more fear the monthly period, as it now passes without pain to me. Yours very truly, MISS PEARL ACKERS, 327 North Summer St., Nashville, Tenn."

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound and write Mrs. Pinkham at Lynn, Mass., for special advice. Her advice is free and helpful. Write to-day. Delay may be fatal.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.
